Cookies policy for GAAMAC.ORG

WHAT ARE COOKIES?

Cookies are text files placed on your computer to collect standard Internet log information and visitor behavior information. When you visit our websites, we may collect information from you automatically through cookies or similar technology. For further information, visit www.allaboutcookies.org.

HOW WE USE COOKIES

First-party cookies are mostly necessary for the website to function the right way, and they do not collect any of your personally identifiable data.

The third-party cookies used on our website are mainly for understanding how the website performs and how you interact with our website.

Our site uses cookies to recognize you when you return to www.gaamac.org or go from page to page. Only the site that has sent a cookie can read it and use it. This cookie file is stored on your computer or phone. All websites can send a cookie to your browser (for example Chrome, Firefox, Microsoft Edge or Internet Explorer) if your browser allows it. Many websites do this to measure how popular their site is and how it is being used. Cookies are either:

- session or temporary cookies: these stop when you close your browser or when you've been on the site for a long time without doing anything
- persistent or permanent cookies: these are usually stored on your device and last for a set length of time.
